Tassel diagram

To make tassels

• Cut a piece of cardboard 6" in height

• Cut 2 lengths of yarn, slightly longer than the height of your tassel

• Wrap your yarn around the cardboard 25 times

• Slip one piece of yarn though the center and tie tightly at the top

• Slide the tassel off the cardboard and lay flat on top of a piece of yarn that is laying horizontal

- Tie tightly about 2 cm from the top

- Use a darning needle to feed these lengths though the center to blend them in

- Use the 1st length tied at the top to attach

- Use a darning needle to feed these lengths back down though the center to blend them in

- Trim Neatly

Attach tassels spaced evenly across both edges.
