Elastic Hair Ties

Pattern Notes

UK Terminology used

To Attach Yarn -

Tie yarn onto the elastic with a single knot. In your normal crochet position place your hook through

the centre of the elastic, yarn over and pull up a loop, yarn over and complete your stitch.

Depending on the width of your Hair elastic, you may want to add Stitches at the beginning of the row., do this by adding Multiples of 2.

The CH 1 at the beginning of the row does not count as a stitch, always work back down into the 1ˢᵗ stitch of the row, unless otherwise stated

Abbreviations –

   TC – Treble Crochet

   DC – Double Crochet

   CH - Chain
