## Hints and tips

The jumper is made from the top down in joined rounds with a SS. DO NOT turn at the end of rounds.

Starting with the yoke, before splitting for the arms.

The pattern is written for the smallest size with differences for the larger sizes in brackets.

The Beginning Ch2 DOES NOT count as a stitch throughout.

Mark your stitches for the increases using stitch markers

When dividing for the sleeves, fold the yoke – line the large sides up on top of each other, the triangles made are the sleeves. When making the body, skip all stitches in the sleeve, going directly over to the other ch-1 sp, and make the next Tr in the top of the st for the body piece.

When changing colour, do the last yarn over of the final st with the new yarn colour.
