FTr – Foundation Treble crochet : 3 ch (counts as first tr), yo, insert hook in 3rd ch from hook, *yo, pull through, yo, draw 1 loop on hook (ch made), [yo, draw through 2 loops on hook] twice (tr made)** , insert hook in last ch made; rep from *, for number of sts required, ending last rep at **.

MB make bobble [work bobble on wrong side row as the stitches puff out to the back (right side). Yo, insert hook into stitch indicated, yo and pull through a loop, yo once more and pull it through the first 2 loops on the hook. You should have 2 loops left on the hook. Repeat this process again four more times, making a total of 5 half-complete treble stitches, leaving the last loop of each stitch on the hook so that you end up with 6 loops on the hook. Yo and pull the yarn through all 5 loops on the hook, chain 1 to secure the stitch. Note: This gives you 2 stitches for the stitch. When you make the Tr of the next row in this stitch, make it in the securing chain.

Treble crochet: yo, insert hook into stitch, yo, draw through loop (3 loops on hook), yo, draw through first two loops, yo, draw through both loops

This is made up of rows of treble crochet stitches but in every few rows on the wrong side of the work “bobble” stitches are worked (see “Special Abbreviations”). Turning chain of 3 counts as first tr throughout.
