

Notes

Helpful notes

- Blanket can be made to desired size, simply by adding or decreasing the number of stitches of your starting chain for the width of your blanket and adding or decreasing the number of rows for the length of your blanket.
- Once you have your white base and are starting with your ruffles you might find it easier to fold the blanket, this way the back loops sit nicely for you to work in and it's much easier to catch the loop as you work along.
- When starting your ruffles, sew in your ends as you go.
- For the ruffles you will be working right to left along your blanket.

Abbreviations

ch – chain

htc - half treble crochet

tr - treble crochet

sl st - slip stitch

blo - back loop only

flo – front loop only

Tension

15 stitches x 7 rows (4 inch square)

PATTERN

White Base

To start

You will use 2 balls of yarn for the base to make it extra squishy!

With 2 strands of yarn start by ch 110 plus 2 ch for turning (112 ch)

Row 1-52

3rd ch from the hook tr back along your work

*ch 2 and turn

*working in blo tr along your work

*Repeat until you get to your desired length (I did 52 rows for a baby blanket)

Ruffles

Once you have your white base, start by tying on your first colour to secure

ch 2

4 htr into each loop

ss at the end to fasten off ruffle

Continue making ruffles in each front loop on each row

To finish

Sew in your ends with a tapestry needle and snuggle!
